## GSCS Spring Sports Announcement

Greasewood Springs Community School would like to inform students, parents, and staff that GSCS will not be participating in Spring Sports for this school year.

This decision was made after careful consideration due to several unique challenges currently affecting our athletics program. At this time, the school does not have access to adequate practice field space due to ongoing construction and limited available areas on campus. In addition, there are very limited league teams available for co-ed soccer competition, making it difficult to schedule a meaningful and competitive season for our student-athletes.

While this was not an easy decision, the school wants to ensure that when GSCS offers athletic programs, students have access to safe practice environments and appropriate competition opportunities.

We remain committed to supporting athletics at GSCS and look forward to resuming full athletic opportunities once proper facilities and league participation are available.

Thank you for your understanding and continued support of the GSCS Mustangs athletic programs. If there's any questions or concerns, please feel free to contact me at (928) 654-3331 ext. 2114 during business hours from 7:30am-4:00pm.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rayme Walker', with a large, stylized initial 'R' and a long horizontal flourish at the end.

Rayme Walker

I.T. Specialist/ Athletic Director
